Steps to be followed after internal order is created for cost centre,- Budget billing plan in BRIM OR ISU.

Step-1

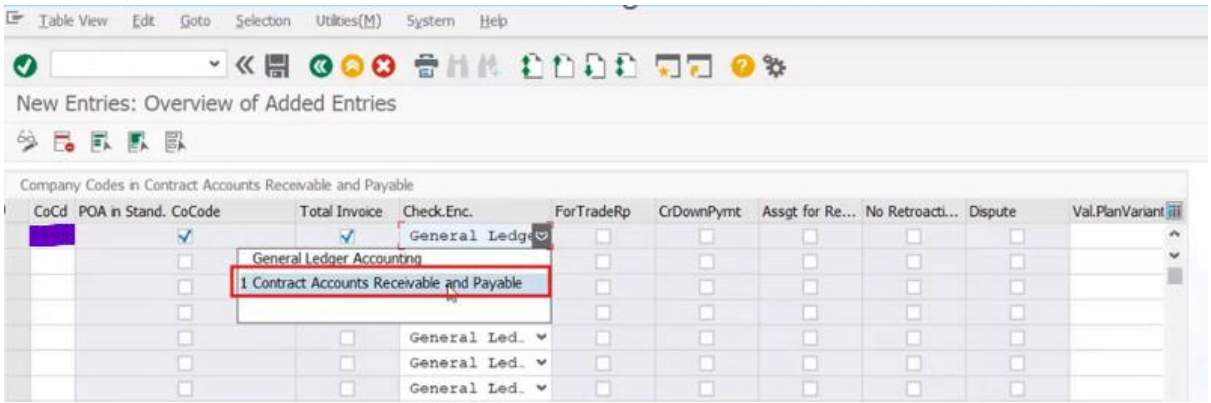

Create Company Code in FICA _ Company code is mandatory to establish in FICO.

SPRO > Financial Accounting (New) > Contract Accounts Receivable and Payable > Organizational Units > Set UP Company Codes for Contract Accounts Receivable and Payable. (All 3 options below org units are mandatory)

Company codes created in FI. Need to Choose the company code also check the setup Company code in Contract Accounts Receivable and Payable

POA→Payment on Account.

Total Invoice →Every month the payment due date is 10th of every month. Correspondents will be sent via email etc. 80GBP is already consumed. 31/02 → 5GBP is late fee or due date is passed the CR8 applies (Clearing record).

Down payments, cash security deposits, and budget billing payments are excluded from this type of processing.

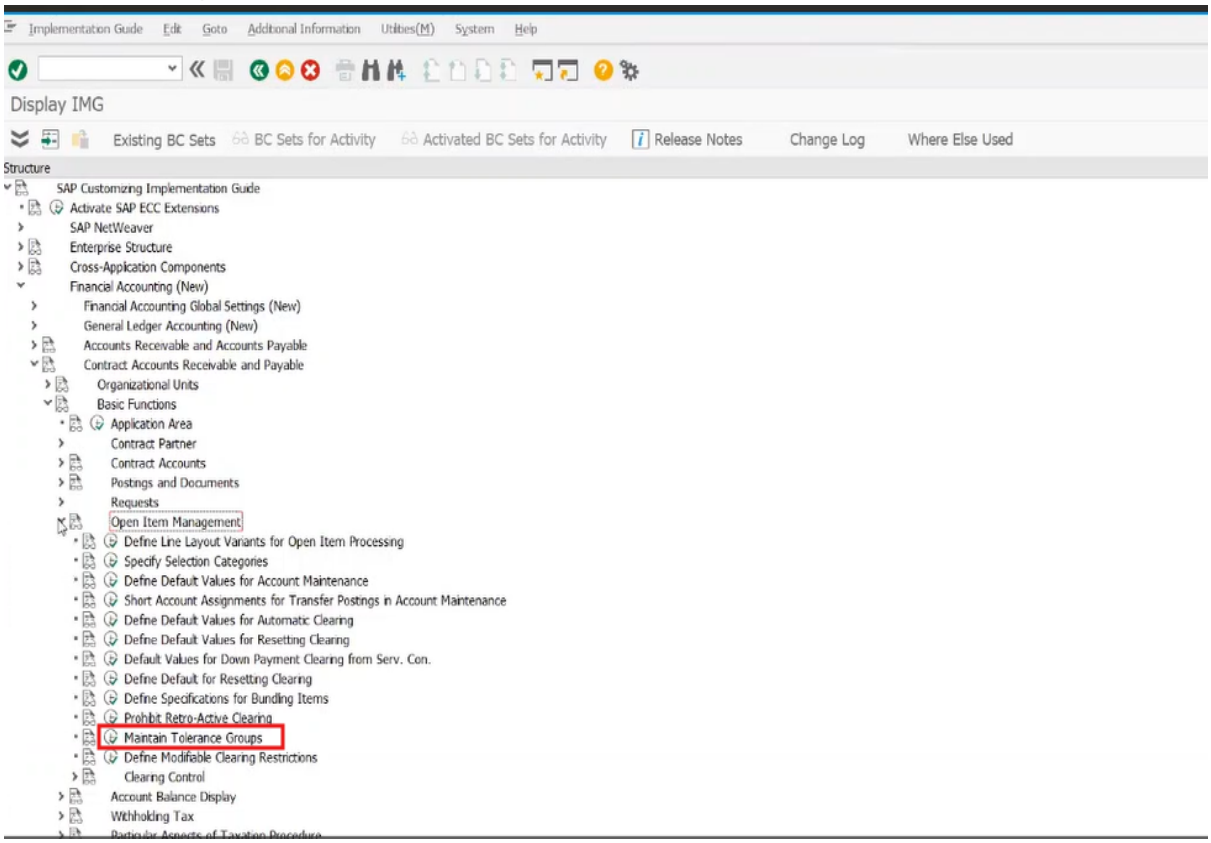

A transfer to the next invoice does not take place if it is clear that no further invoice is to be created for the contract account.

If the reconciliation (of outgoing payment and reconciliation) is carried out in Contract Accounts Receivable and Payable (FI-CA), then the FI-CA check management and the corresponding clarification tables are used. Only totals are posted to the general ledger.

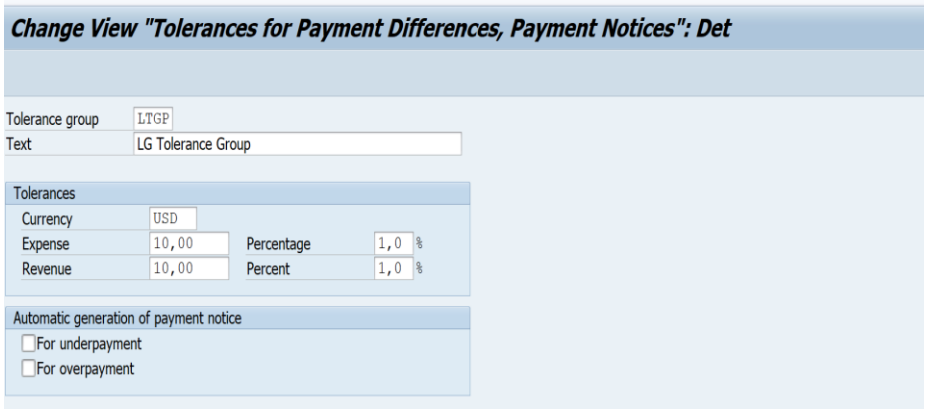

Step -2

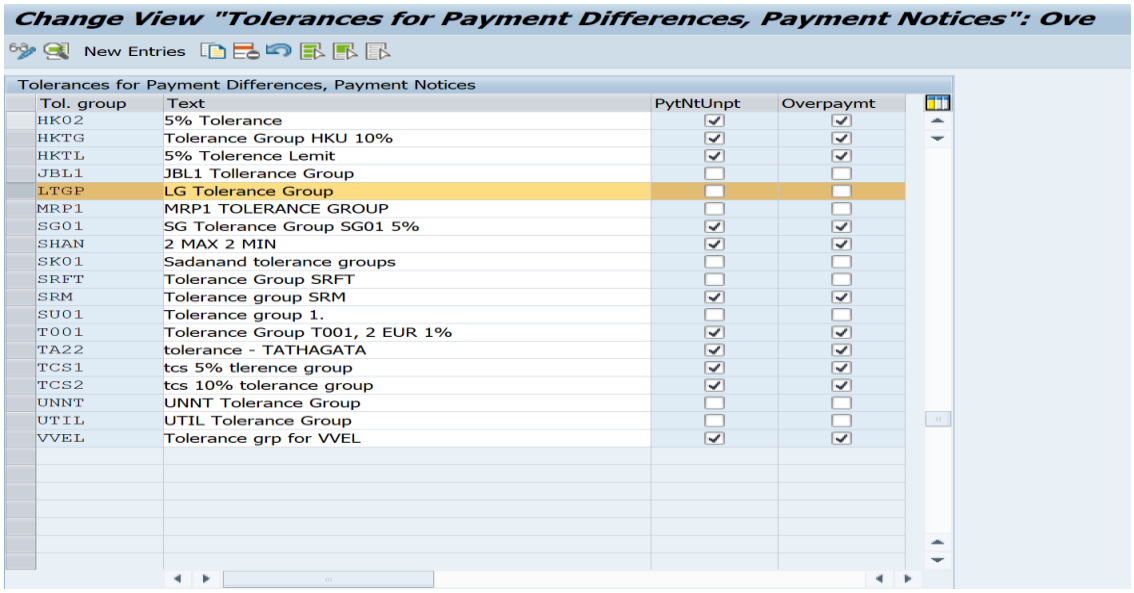

SPRO → IMG → Finance Accounting →Contract Account Receivables & Payable →Basic Functions →Open Item Management →Maintain Tolerance Group.

Tolerance Group for users.

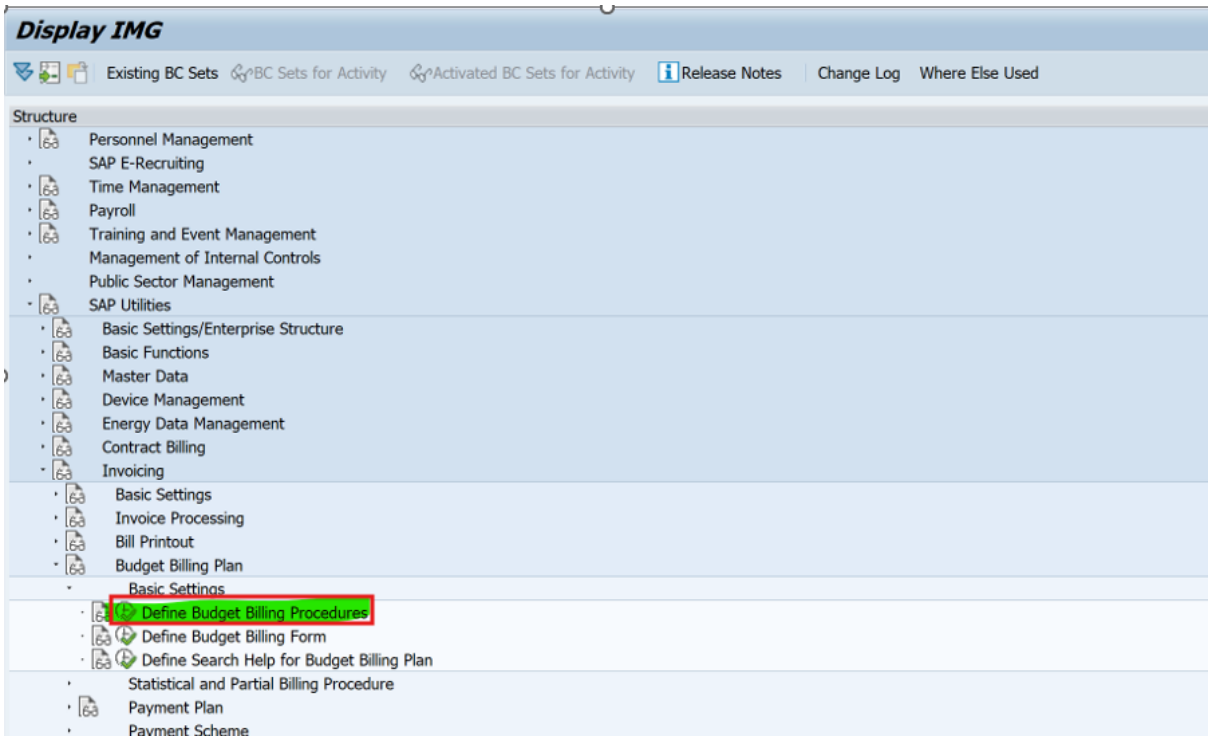

New Tolerance Group is created LTGP. Tolerance Group for users in Contract A/R+A/P

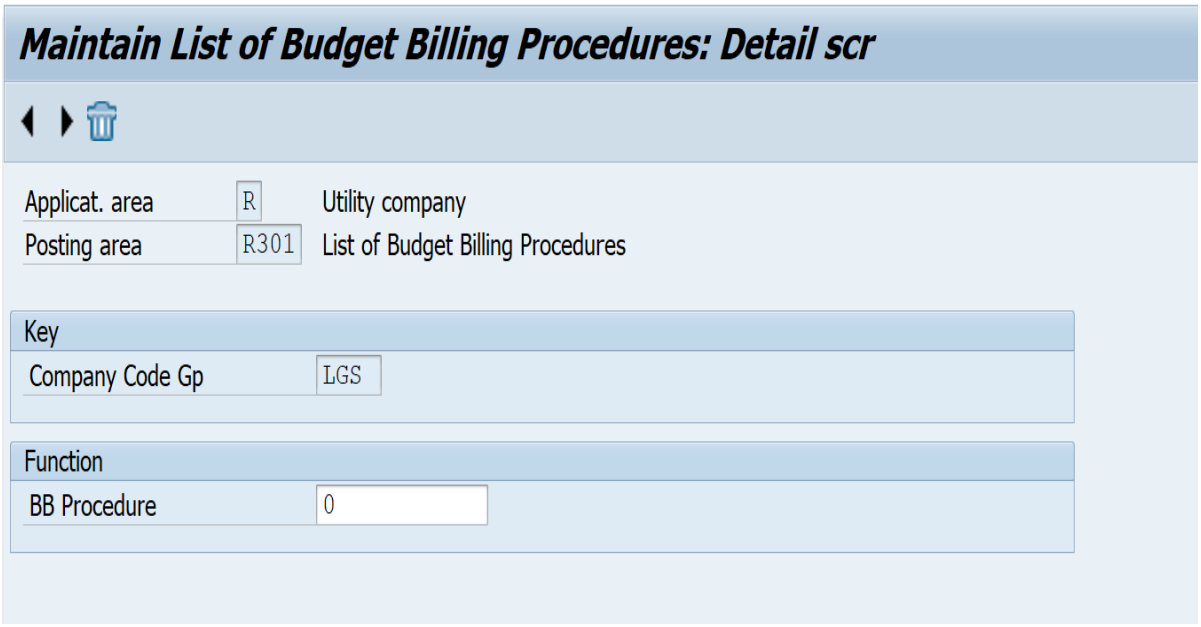

Step-3

***SPRO → IMG → Finance Accounting* →SAP Utilities → Invoicing→Define the Budget Billing Plan→Basics Settings→Define Budget Billing Procedures (Mandary) to create CA master data.**

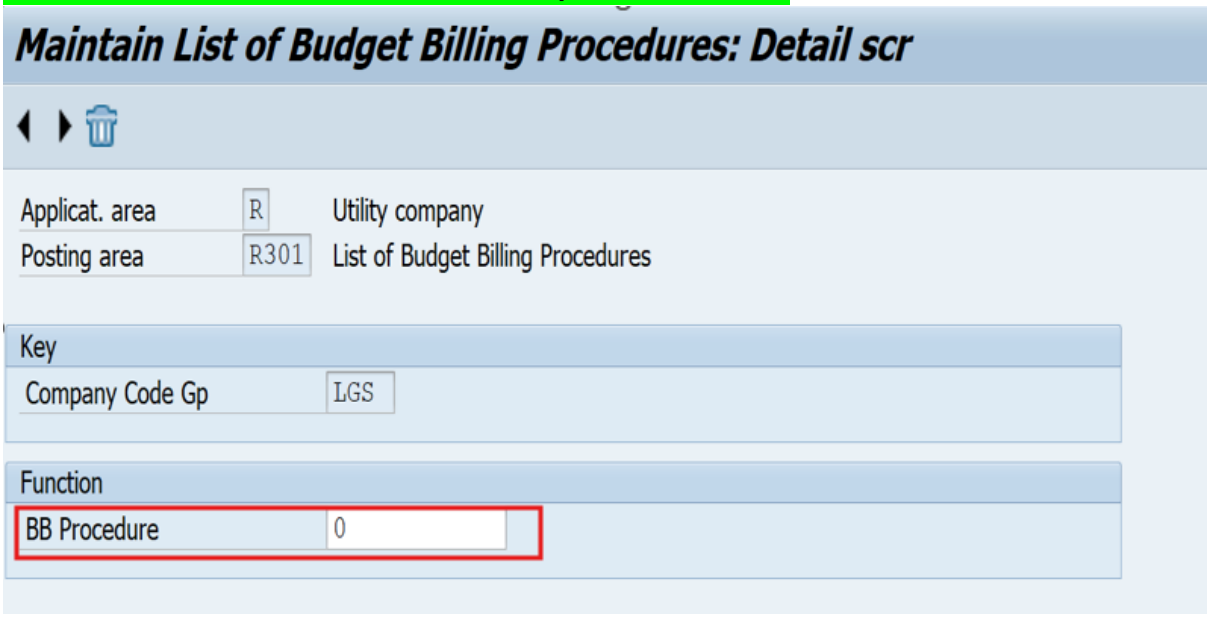

Create New → Assign to your company code.

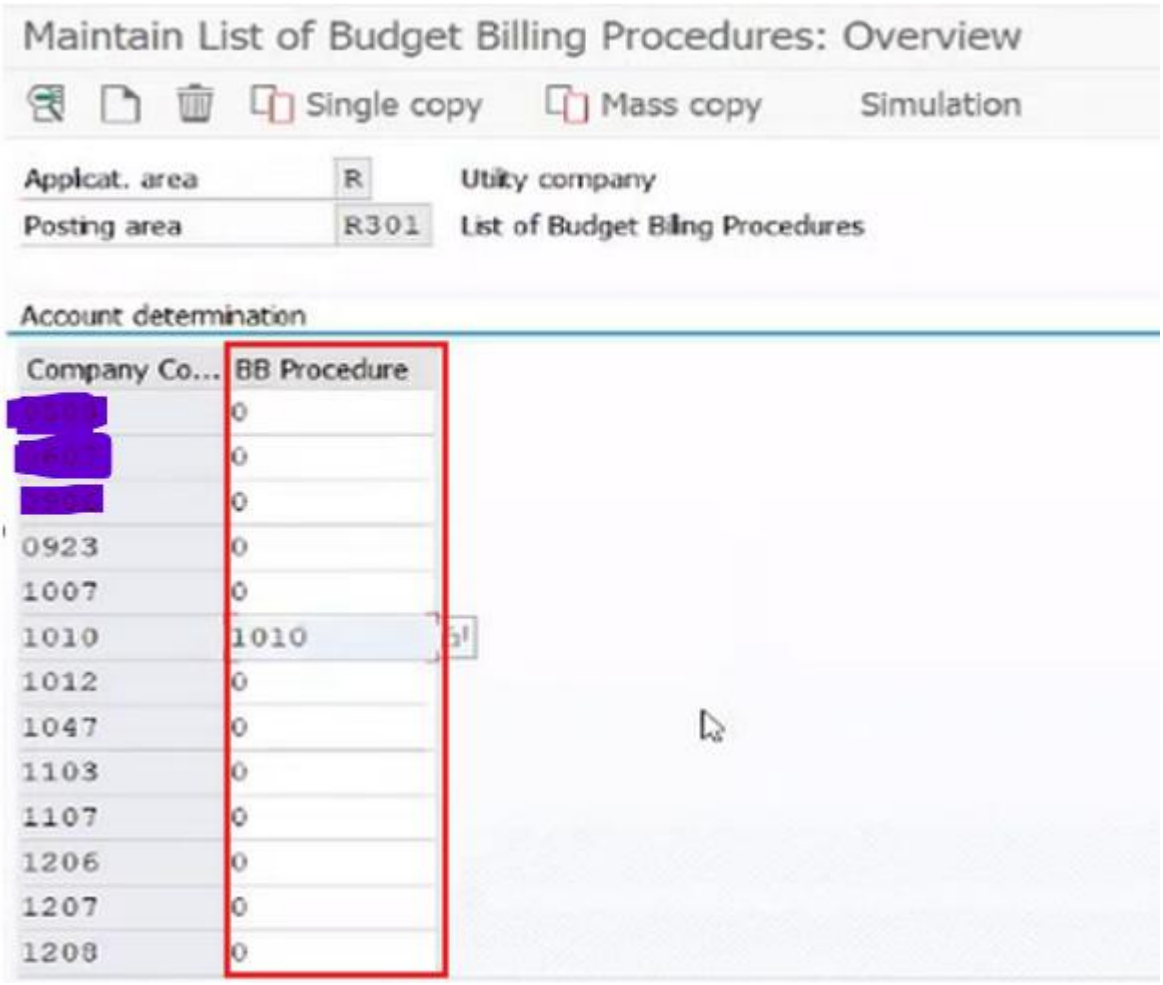

Budget billing Plan is every month 100GBP IS TO BE PAID TO CLEAR THE ACTUAL CONSUMPTION. End of the year or a contract with Actual consumption for 12-month average will be checked and Budget bill or bill plan per month amount will be calculated. BBP is used in ISU & in BRIM.

For 1yr budget bill plan of 100 is to be paid. End of the year they would calculate, if it closed with same 100 every month on the payment completion. Next new year starts with 100 else if it closed with balance 5. Next year starts with 105 per month for a year.

Double click on BB Procedure & It's also uploaded via BAPI.

BP is created by SOM or CRM upstream team. Usually, we go for organization BP.
